

Corps Medical Supply, LLC

Capabilities Statement

Our purpose is to bring the finest health care products possible to the men and women of our active duty armed forces, their families, our veteran community and agencies of the U.S. Government. We identify, distribute, and place the latest medical technology and equipment from leading manufacturers into the hands of physicians within various facilities across all agencies and departments of the U.S. Government.

We develop and provide solutions across a broad healthcare, clinical and surgical spectrum.

Leadership from the Founder, CEO and President - John J. Bussa, M.D. - provides you a veteran's understanding and a practitioner's perspective

A Veteran's Understanding

- Graduate of the United States Military Academy at West Point
- Six years of active Artillery assignments in Germany and the Republic of Vietnam
- Graduate - University of Texas Health Science Center; Ophthalmology residency - Walter Reed Army Medical Center
- Director of the Department of Surgery at Womack Army Hospital, Ft. Bragg, North Carolina
- Retired from the U.S. Army as a Lieutenant Colonel

A Practitioner's Perspective

- Over 30 years of private ophthalmology practice; Board certified ophthalmologist
- Nationally recognized as an early adaptor of new surgical technology
- Frequent speaker at annual American Academy of Ophthalmology meetings

A Customer & Quality Focus

- We work with Veterans Affairs and Department of Defense ophthalmologists to enhance their understanding of available products and solutions
- We address the needs of other Government agencies including the Indian Health Service, Bureau of Prisons, and FEMA
- We maintain a wide reseller network to deliver optical, clinical and surgical equipment solutions and meet personal protective equipment requirements
- We are a holder of multiple Strategic Acquisition Center contracts and understand this procurement process

Corps Medical Supply, LLC, is a Service-Disabled Veteran-Owned Small Business, verified by the Department of Veterans Affairs, Center for Verification and Evaluation
